

MLND Nanodegree Learning Plan

This week you will get an overview of various techniques in Machine Learning. You will also explore the Titanic passenger dataset to see which factors affected chances of survival.

Week 1

Time	Activity	Notes
1 hr	Complete Lesson 1: Welcome to Machine Learning	Tip: Prerequisites are important, but you can also learn them as you go.
3 hr	Complete Lesson 2: What is Machine Learning .	This is an overview; we will cover them again in future lessons.
2 hr	Finish Practice Project : Titanic Survival Exploration Project .	The goal here is to get familiarized with all the libraries involved.
